DESCRIPTION

The Alexandria Side Table has a greater surface size than the Alexandria Salon Table to allow for use as a lamp table or to sit alongside larger seating. Polished brass feet support ebonized wood legs and a new table surface in Mica. Mica is a naturally occurring material with gorgeous tones and an inherent reflective quality. To further the beauty of the Alexandria, pewter and deep amber colours are inlaid in a brick-like pattern reminiscent of Parisian tables of the 1920's,
