

BAGDAD TABLE LAMP

COLLECTION GUBI

DESCRIPTION

Originally designed in 1954, the Bagdad Lamp is a brilliantly offbeat showcase of Mathieu Matégot's material affinity with perforated metal. A multifaceted, cubist construction with a comet-like tail, the Bagdad's sculptural design has proven timeless in its playful uniqueness. The new edition scales down the size by half and adds a further element of versatility by making it portable. Fitted with a touch-activated dimmer with three levels of brightness, and available in three colors - Black, White, and International Orange - the Bagdad represents a unique addition to GUBI's Matégot portfolio, and the ever-growing collection of rechargeable lamps without limits.
