

BASKET SOFA

COLLECTION GUBI

DESCRIPTION

The design demonstrates a balance of both technique and material, combining traditional artisan methods and one of the oldest craft materials known to man with the innovative machined precision of carbon steel – a perfect blend of the artisanal and the industrial. The frame is fitted with rounded cushions on the seat and back, made from a comfortable and supportive foam with cylindrical bolster cushions adding additional softness and embracing effect to the sides of the chair. The curves and contours of the cushions create an inviting and organic look, with a smooth texture that contrasts with the sense of rippling movement conveyed in the weaving pattern of the rattan below. The collection comprises a three-seater sofa, a two-seater sofa, and a lounge chair. Cushion covers are available with a number of plush upholstery options in both indoor and outdoor fabrics. The covers are removable, offering the opportunity for easy cleaning.
