

## COMPTON CEILING LIGHT LARGE - MCL65

### COLLECTION PORTA ROMANA

#### DESCRIPTION

A generous circular frame, simple in form, but used to host hand-sculpted oversized bowl-shapes, softly textured both internally and externally to create depth and substance. Possibly the most versatile of our new ceiling lights the hand-sculpted cups of the Compton can be used in a multitude of frames to produce a tiered chandelier, an oval or a rectangle and can be painted in any colour to boot. Each cup contains a powerful LED lamp projecting light up to the ceiling as a very effective source of reflected light.
