

CROSS LINEAR SUSPENSION

COLLECTION
VENICEM

DESIGNER
MELISSA LUNARDI & MASSIMO TONETTO

DESCRIPTION

Cross Linear illuminates spaces with a horizontal beam of light. Its diffuser is made up of a Murano glass tube that embraces the light source, creating a dynamic effect thanks to two brass parts that interrupt its linearity. The combination of several crossing linear elements allows one to obtain particularly interesting suspension lighting solutions. The Cross collection is also available in a wall version and a three-element suspension variant.
