

DRAPER BENCH - 9454

COLLECTION POWELL & BONNELL

DESCRIPTION

The Draper Bench by Powell & Bonnell is a study in weightlessness. An interweave of support legs gracefully “swag” from the tufted seat and kiss the floor as though gravity has brought them there. The random quilted seat upholstery mirrors the multi directional support structure and is tufted at the point where the legs meet the frame. Each piece is carefully crafted in hand forged steel and is available in a variety of metal finishes.

MATERIALS

Metal, Fabric, Leather

FINISHES

Please enquire about Plated Steel and Powder Coat finishes
