

## ELLISPE CHANDELIER

### COLLECTION BACCARAT

### DESCRIPTION

Inspired by cold-worked crystal, the chandelier references the magical malleability of the crystal form. The Zénith Ellipse shakes up the traditional assembly principles, notably with its slightly staggered branches that evolve from round to oval through anamorphosis. A feat of outstanding craftsmanship, the Clear crystal chandelier can be adjusted to any height. The 16-lights may be adorned with white pleated taffeta lampshades (must be ordered separately). The Ellipse takes the form of a delicate wave when seen from directly below. Levy's Torch collection also reinterprets Baccarat lighting design classics.
