DESCRIPTION

Functional and beautiful, this table's two-tiered frame seems to float, but it actually rests on a recessed plinth base covered in brown vellum. The lower églomisé shelf adds additional surface space. Vellum is a natural skin with no two pieces exactly alike, therefore variation in shade and tone along with physical characteristics are inevitable and may change over time. Brass is a relatively soft material and dings, hammer marks, some pitting, and variations in colour are to be expected and are not to be considered damages or defects.
