

GARRISON SIDE TABLE

COLLECTION
STACKLAB

DESIGNER
JEFFREY FORREST

DESCRIPTION

A single, sculptural casting made using solid bronze, The Garrison is intended for use as a stool or side table and is available with finishes in satin, polished, or patina. Paying tribute to central-eastern Canada's industrial roots, the Garrison uses sand-casting, a traditional method also applied in heavy machinery manufacturing. This technique lends subtle textural nuances, giving each piece a unique quality.

MATERIALS

Cast Bronze

FINISHES

Green/Black Patina, Mirror Polished, Satin
