

GRACE LOUNGE CHAIR

COLLECTION GUBI

DESCRIPTION

The flexibility of rattan – its ability to be bent and shaped at will – is at the heart of Tove Kindt-Larsen's vision for the Grace Chair. The rattan flexes under the weight of the sitter, adding another layer of support as it adapts to the contours of the body. The result is a daring balance of elegance and informality, resulting in a piece that will make a bold statement as it casts playful shadows across any interior space, while welcoming those who regularly curl up inside it like an old friend. And its natural robustness helps ensure that the chair has longevity – this coupled with the care that goes into its craftsmanship means that the Grace Chair might survive for a century or more.
