

HOWARD CHANDELIER

COLLECTION
GUBI

DESIGNER
SPACE COPENHAGEN

DESCRIPTION

A grand gesture to grace public and private spaces, the Howard Chandelier's warmth, strength and subtlety is Space Copenhagen's distinctly Scandinavian celebration of New York's industrial palette. Abundant with material and atmospheric references from the SoHo location of the Howard Hotel, for which they were originally designed, they exude a warm, tactile feel. 'Octopus arms' provide a modern and sophisticated shape, while the gunmetal brass shades with a brushed brass interior lend an industrial and functional aesthetic. For a more gentle effect, a bone china shade – providing softer, more glowing ambient light – can also be selected. The carefully crafted Howard Chandelier is the centrepiece of the Howard Collection which can be combined to create a highly coherent atmosphere in the home, hotel or boardroom.

MATERIALS
Metal

FINISHES
Gunmetal, Polished Brass, Bone China
