

## INTROVERSO - IN02

**COLLECTION**  
IMPERFETTOLAB

**DESIGNER**  
VERTER TURRONI & EMANUELA RAVELLI

### DESCRIPTION

Suspended from the wall, direct and magnetic, or resting on a surface, like a lighthouse that is about to illuminate, this mirror surprises with its two forms that play with metaphysics. Slightly hollow in its structure, which always encloses and protects the reflective surface, it replicates the space around it and transforms its perception.
