

## JUPITER DINING TABLE

**COLLECTION**  
STACKLAB

**DESIGNER**  
JEFFREY FORREST

### DESCRIPTION

The Jupiter Dining Table pairs STACKLAB's signature solid metal Jupiter castings with an organic, solid joined-hardwood or custom solid stone tabletop. Honoring central-eastern Canada's manufacturing heritage, the Jupiter legs, available in iron, aluminum, and bronze, are cast in sand – the same process used to produce machine parts for heavy industry. The sand-casting process produces faintly perceptible irregularities that enhance the leg's tactile appeal.

### MATERIALS

Cast Aluminum, Cast Bronze, Cast Iron, Wood, Stone
