

KNIGHTSBRIDGE LANTERN - 9547

COLLECTION
POWELL & BONNELL

DESCRIPTION

A decidedly traditional profile is given a new life in the Knightsbridge Lantern. A stainless steel mesh cylinder is held in suspension within a black iron framework, incasing a polished nickel armature for a thoroughly modern spin, while the eight candle lights glitter with intensity closer to the original inspiration. The Knightsbridge Lantern is perfectly appropriate to illuminate traditional to modern interiors, lending its enduring charm to any entrance, gallery or hallway.
