DESCRIPTION

Designed after a 20th century icon, the Lille Tall Cabinet makes a dashing presence in each of its two distinct standard vellum and oak finish options. The vellum panelled doors are trimmed in aged brass, as is the platform base. The upper compartment has two adjustable shelves and the lower has one shelf. Brass is a hand-applied finish which is moulded and beaten by hand. As a result, the finish is unique in both appearance and texture. Vellum is a natural skin with no two pieces exactly alike, therefore variation in shade and tone along with physical characteristics are inevitable and may change over time.
