PORTA ROMANA

**DESCRIPTION**

The Marina Coffee Table was designed by Gareth Devonald Smith. Marina, of the sea, from a submerged ancient temple, and cut from rock, light in appearance but bold and strong in form. Gareth Devonald Smith is a multidisciplinary artist and designer working between sculpture and furniture design. Gareth creates sharp, angular and modernist pieces that translate the features of abstract geometric art into contemporary design. Following an experimental and continually evolving process, Gareth's pieces for Porta Romana demonstrate his versatility and skill as a craftsman, designer and artistic visionary.
