

## METAL CURL WALL LIGHT - TWL57

### COLLECTION PORTA ROMANA

#### DESCRIPTION

The Metal Curl Wall Light is a clean, modern design standing off the wall by less than 4" and made from a single shaped piece of steel which is softly beaten and then folded around the light source. In this case light is projected not just from the top and bottom of the fitting, but by virtue of the folded overlap at the front of the piece, there is a subtle glow here also.
