

## NORMA CANDLEHOLDER

**COLLECTION**  
OOUUM

**DESIGNER**  
DAN YEFFET

**DESCRIPTION**

Norma photophore endorses a true return to the material... as well as a perfect adequacy between the DNA of the french brand and the emblematic work of designer Dan Yeffet. The piece is a monolith capped with a glass cylinder, which the undulating top part puts a delicate and mysterious veil on the scented candle. Just like a pedestal, the base in refined marble emphasizes the scented candle by giving it its height and nice presence, whilst the tinted glass cylinder is a fragrance diffuser as well as a second skin. A majestic and perfectly balanced piece which both unveils and protects the candle... and allows to place it indoor and outdoor.
