

PROMONTORY SCENCE NO. 2

COLLECTION REFRACTORY

DESCRIPTION

Promontory is about the power and intricacy of armor in its many forms, from an unyielding ridge of limestone that has withstood erosive forces, to the armor of warriors throughout history, to the rugged creatures that dominate the arid landscape of the American West. Shaped by evolution and developed over millennia, the shells and shields protect precious, fragile sources of life, creating tension, mystery, and delight when internal mysteries are revealed.
