

TORCH FLOOR LAMP

COLLECTION BACCARAT

DESCRIPTION

The Torch range draws inspiration from the exquisite Zénith chandelier reinventing its illustrious elements. Pairing Clear crystal with shiny metal gives the product a modern feel: the long and slender polished stainless steel base is juxtaposed with dangling crystal pendants and Baccarat's special red octagonal crystal. The lamp balances sophisticated technology with poetic whimsy and a purity, via the white shade. Its height makes it a suitable reading lamp or a standalone piece. The lamp is also available with an inverted black lampshade (placed upside down for a dash of humor), and in various other models, namely a wall sconce, and pendant light.
