

## TORCH LAMP

**COLLECTION**  
BACCARAT

**DESIGNER**  
GILLES ET BOISSIER

**DESCRIPTION**

Designed by Arik Levy, the Torch lamps were inspired by the emblematic Zénith chandelier, which it partly reinvents. The combination of crystal and metal adds a touch of modernity. The Torch lamp combines advanced technology with a fancy lyrical touch—not forgetting a dash of humor with the black lampshade placed upside down.
